3. **Gallery:** Click to check the photos/videos
4. **Shoot Button:** Click to take a photo/video record
5. **Photo:** Click to enter into Photo Mode
6. **Video:** Click to enter into Video Mode

Instructions

How to Focus

Screw mirror in or out depending on your caliber diameter to get the best focal distance and use the "lock ring" to hold it in position.

For Example

a. For rifle barrel with .223 caliber

b. For rifle barrel with larger caliber.

For best results, always use the mirror that is closest to your bore diameter.
